

S.No.	Parameters	Grouping		Value 1	Value2	Value 3	Value 4	Value 5	Value 6	Golden	Validation	Whether Filter Required	p r i i o t r y
Standards													
1	Conforming Standards for the Reciprocating Saw	S	E	EN/DIN/US/Equivalent Standards						G			1
2	Type of Blade	S	E	Metal Blade Used for Wood Cutting with Reciprocating Saw									
Performance Parameters													
3	Length of the Blade in mm	D&M	E	250	260	270	280	290	300	G			
				310	320	330							
4	Compatibility of Blade	P	E	The blade shall be compatible with all standard Reciprocating Saw Equipments									
5	Details of the Make Reciprocating Saw with which the Blade is compatible	P	Text										
6	No of Tooth Per Inch(TPI)	P	E	5	6	7	8			G			
7	Width of the Blade in mm	D&M	E	19	20	21	22	23	24	G			
				25									
8	Thickness of Blade in mm	D&M	E	1.2	1.3	1.4	1.5	1.6		G			

9	Material of Blade	D&M	E	Low alloy colled rolled steel strips in hardened tempered and ploished condition having carbon,silicon,manganease,chromium,nickel,sulphur and Phosphorous								
10	The blades shall be Rust Proof	P	E	yes								
11	The saw blades shall be marked with the size and manufacturers name and trade Mark at equal spaced intervals over the bands	P	E	yes								
12	Warranty	P	E	6 Months	1 yuear	18 Months				G
